

# Protein Networks

## Literature

### **Scaling laws in spatial network formation**

Nora Molkenhuth and Marc Timme

Physical review letters 117.16 (2016)

### **Protein Contact Networks: An Emerging Paradigm in Chemistry**

Luisa Di Paola et al.

Chemical reviews 113.3 (2013)

Please also find additional literature.

### **The following concepts should be explained:**

- Explain the idea behind and use of Protein Contact Networks
- Explain geometrically constrained network formation model and its scaling
